UNFINISHED BUSINESS

Chuck Benjamin	<p>Executive Director's Report</p> <p>Mr. Benjamin noted that he has received two (2) counties Consumer Project Reports this month. Island County is doing outreach to Seniors who are isolating and not hooked up with services. Background information indicates that depression in Seniors is growing and not being addressed. Island is looking to do outreach and get folks connected. Whatcom County is preparing an RFQ in 2004 for a part time paid peer counselor to assist enrolled and non-enrolled engage in proper services. Chuck then handed out certificates of sincerest gratitude to the Advisory Board members. He thanked and acknowledged all of their effort and hard work. He also acknowledged Janet Lutz-Smith for her contribution as the Chair for 2002-2003, and presented her with a plaque. He believes that the Advisory Board participation in the NSMHA committees is what makes our RSN a model for other RSNs in the State of Washington.</p>	Informational
Mary Good	<p>Finance Committee Report</p> <p>Ms. Good indicated that the finance committee met this morning and recommended approval to bring forth to the Board of Directors the Advisory Board expenditures. Jim King asked about the Medicaid Integration Project in Snohomish County and will Snohomish County become their own RSN? Chuck explained that the state was looking to do this project in King, Pierce, and Snohomish Counties. Snohomish County was the only one that was issued an RFP. They would take up to 6,000 covered lives and about 20-25% of our funding. If this happens it would be very devastating to our region. He has a conference</p>	Approved unanimously

call about this on Thursday afternoon with Evercare and Snohomish County. Chuck is not sure that Snohomish County wants to do this, he has many questions. Chuck doesn't want anyone to panic at this point. He stated that Secretary Dennis Braddock said he is operating under a legislative mandate. Chuck noted that we are putting together an impact statement. Jim asked Chuck to come to the Advisory Board for support and advocacy. Chuck has already agreed to do that.

Chair Lutz-Smith

Strategic Plan Committee

Chair Lutz-Smith informed the Board that the Planning committee met with Greg Long this morning and discussed several topics. One being that the Strategic Plan will need to be written again and that there is a need for a workgroup. NSMHA would like Advisory Board and local Advisory Board representatives on the workgroup. The workgroup from the Advisory Board would review the old Strategic Plan and go to their County Advisory Board so that more consumer and advocates would be involved. The workgroup will start in mid January. Jim asked if he could address the issue of this region being the worst in employment. Greg stated that yes he would, that this is an opportunity for people to advocate issues that change mental health issues in this region. Jim volunteered to represent the NSMHA Advisory Board. Chair Lutz-Smith asked Greg to discuss the Actuarial Study. Greg advised the group that CMS is taking a much stronger position that only people with a Medicaid coupon would receive services. This creates a problem for us in a managed care system. There are issues around employment services, educational services, and how we fund the crisis line. Providers, starting January 1, 2004, need to report services differently to us and to the State. The long-term impact will be a much more medically driven program and we will be hard pressed to serve people without Medicaid. Greg stated that he would keep the Advisory Board posted on this issue. Chuck stated that we might need advocacy from this group. Greg then indicated that NSMHA would be doing a Crisis system review throughout the region. Jim asked when it would be finished. Chuck stated May of 2004.

Mary Good	QMOC Report Mary reported highlights of the November 2003 QMOC meeting. Chair Lutz-Smith reminded the board that there are six (6) seats available on the QMOC committee. Advisory Board Members must fill two. It is a way to encourage new members from the county level and to get enough alternates so that there is always a consumer/advocate representative at the QMOC table. Chair Lutz-Smith handed out applications for the members to take back to their county boards. Janet Kloc asked what QMOC does. Wendy addressed this issue and stated that she will offer training to any new members of QMOC.	Informational
Beckie Bacon	QRT Report Beckie asked if there were any questions from the 3 rd quarter report that the Advisory Board received in the mail. Jim asked if our quality of services is better than before. Beckie stated yes it is better. Consumers are now more informed of their rights, crisis plans and who the QRT and Ombuds are. She also acknowledged that this is a team effort of NSMHA, QRT and the providers. John thanked Beckie, stating that her report was very well done and that the graphs makes it very easy to read. Jim asked if he could review the SOC before voting. Chair Lutz-Smith stated that this item has been available to review for some time.

Charles Albertson moved and asked if people had questions to take them to the Board of Directors meeting. Motion seconded,

Jim asked about employment services in the SOC. Wendy indicated that employment services are in the contract and have not been reduced in any way.

Motion passed unanimously.

Charles Albertson stated that he is impressed with WCPC. That they have taken a new look at employment recently and have hired consumers to work in the clinic as well as the Rainbow Center. Employment services need encouragement, not pressure, region wide. Greg added that if we look at our data our RSN is very low, could be a data issue but it is still a concern. The MHD contract states that employment services should be provided. CMS states that employment is not a Medicaid covered service. Chuck Benjamin explained that providers are not reporting employment services. Janet asked if someone could come and talk to the Advisory Board about employment services. Greg and Sharri answered yes. Ian pointed out that Lake Whatcom Center provided employment services long before the Rainbow Center. Chair Lutz-Smith stressed that employment is a big part of the holistic approach. Pat asked how could we encourage employment services? Chuck Benjamin answered by getting involved in the planning committee.
