2. Revisions to the Agenda – Chair

None.

3. Approval of Minutes – Chair

It was moved, seconded and approved to accept the September minutes.

4. Comments & Announcements from the Chair

Chair Nelson announced Melinda Bouldin as Employee of the Quarter. He presented her with a certificate and perpetual plaque.

Chair Nelson reminded all present that the Recovery Conference will be December 4th at the CottonTree Convention Center followed by the Board Retreat and Board Meeting. Mr. Benjamin reiterated that the Recovery Conference was being held at the CottonTree in an effort to save money.

The Tribal/RSN meeting will take place on November 4th, at which time the 7.01 Plan will be reviewed and revised if needed.

Chair Nelson reminded the group that the November Board of Directors meeting would be earlier in the month than usual, taking place on the 14th.

5. Reports from Board Members

Rhea Miller reported that she had attended the CMH stakeholders meeting at the CottonTree. It was well attended by a wide range of stakeholders from the justice system, alcohol recovery, mental health, etc. Truly wraparound attendance. All groups were greatly concerned about budget cuts. There is a great need for trauma screening; many people in jail that shouldn't be there. How do we perform triage without adequate money?

Mike Shelton also attended the same conference. Dennis Braddock will be hosting a meeting on December 6th looking for input on the budget. Mr. Shelton stated that although the state budget is "headed for a train wreck" we must all remain diligent in our efforts. Island County is moving forward with building their new mental health facility.

Jim Teverbaugh stated concern about multiple layers of administration and lack of consistency in goals regarding providing uniform services statewide. He is disturbed that there is a perception that services have improved since the RSNs were established.

Joe Johnson reported that RSNs for the first time attended the statewide IPAC meeting. There remains great need amongst the Tribes.

Chair Nelson reported that the D.C. sniper suspects had no history with our mental health system. Both lived briefly at the Lighthouse Mission. An advocacy group around general healthcare is being developed. A conference will take place in November. Senator Murray will meet with Mr. Nelson to put together a statewide group to address healthcare in general. He is excited about this venture.

Ms. Jubie reported that she attended the Partners in Crisis meeting in Olympia. There was a wide range of people in attendance, all coming away energized.

6. Comments from the Public – Chair

Beckie Bacon distributed a sample of the 2003 CMHS calendars on sale now. The calendars feature artwork by Michelle Shoher, and all proceeds benefit consumers at CMHS.

Wendy Klamp invited everyone to remain after the meeting to hear a presentation on the Telesage pilot project.

Jess Jamieson thanked members Miller and Shelton for attending the stakeholder meeting. Work accomplished there will be synthesized into position points, which will be sent to legislators with the list of participants. This is a community of people. He invited all to sign on as supporters.

7. Report from the Advisory Board – Eileen Rosman, Chair

Marie Jubie represented Ms. Rosman who was unable to attend. She reported that the Advisory Board had heard a presentation on HIPAA offered by Wendy Klamp. The Advisory Board approved their 2003 recommended budget structure, approved the Housing Plan, Homelessness Plan, and the Anti-Retaliation Policy.

8. Report from Executive/Personnel Committee – Dave Gossett, Chair

Mr. Gossett reported that the group had discussed the results of the Board survey regarding meeting dates for 2003. It appears that the best date is the second Thursday of the month. If this causes anyone great hardship, they are to let someone on the Committee know.

The MHD Audit report was discussed.

8.a. Mr. Benjamin offered a brief PowerPoint presentation outlining the MHD audit report. His presentation illustrated the numerous strengths identified by the audit team, as well as findings and areas of concern. The NSRSN has 60 days to submit a corrective action plan.

Mr. Teverbaugh asked for clarification of the “retaliation” mentioned as an area of concern. Mr. Benjamin clarified that a recent complaint of retaliation was investigated by the MHD and determined to be unfounded. The MHD, however, recommended the RSN clearly spell out protocols for Anti-Retaliation. Staff has written the policy and procedure, which is on the Action Item agenda.

Mr. Gossett summarized the Committee’s discussion of the report. Although the MHD has told us over time that this RSN is the best, many findings and areas of concern in this audit are serious and repeated.

Therefore, the Committee brought forth this motion:

In light of the MHD Integrated Audit and taking into consideration potential fiscal hardships that lie ahead, the Executive Committee recommends that the NSRSN Executive Director working with the Executive Committee perform an NSRSN system review to include:

- Historical clinical review
- Assessment of administrative structure
- Assessment of quality management oversight

This system review will include input from stakeholders, consumers, and advocates. The NSRSN Executive Director will work with the Executive Committee and will report back to the NSRSN Board at their March 2003

meeting with his recommendation for the most efficient and effective method to deliver high quality culturally competent services.

Ms. Miller feels the audit report contains some very serious issues. We need to consider whether or not we want to continue our contract with the APN. The NSRSN continues to get blamed for lacking services. Are we at another turning point?

Ms. Jubie stated she is furious about the finding related to consumers not being informed of prescription side effects. She feels there is no excuse for this.

Mr. Benjamin agrees that we need to investigate the issue more.

Mr. Shelton reminded the group that it is very easy to overlook the good things in the audit. Many times when we get overwhelmed we leave out paperwork – maybe we're doing our job properly, just not documenting. Overall the audit is a good one.

Chair Nelson clarified the motion. It received a second.

Chair Nelson stated that we need to use the audit as a tool for Quality Improvement. Consumer care is major concern for us all. Elected officials have a responsibility to take this seriously.

Ms. Gibb asked why the deadline for this review is March? Mr. Gossett answered that it will take that long to do a thorough study.

Jere LaFollette read the audit and felt it was very positive. It contained a plethora of system-wide kudos. He assured the group that concerns about clinical documentation is very much of concern to the APN and providers. He hopes they will be able to work more closely with the RSN to make improvements. As resources are whittled away, we need to work on duplication of efforts, and examine roles and responsibilities to increase efficiency and effectiveness.

Chair Nelson called for the vote. The motion passed unanimously.

9. Report from the Planning Committee – Dave Gossett, Chair

The Planning Committee met on October 10th. Mr. Gossett reported the Mission Statement / Name Change group met and accomplished their goal in one meeting! Their recommendation will come to the full Board for approval. Two more groups are in progress, the Criminal Justice Workgroup, and Special Population Workgroup.

Mr. Gossett brought forth a motion from the Committee's meeting on October 10th:

To introduce the establishment of a Capital Fund. Any unexpended dollars at year-end reconciliation shall roll over into the Capital Fund. Capital Fund Projects may include, but are not limited to:

- Purchase of hardware and/or software for the development and implementation of regional on-line clinical records;
- Building or acquiring increased residential and/or E&T capacity;
- Building or acquiring regional triage center(s);
- Building or acquiring increased Activity Center capacity; and/or
- NSRSN Evaluation & Treatment Facility Loan and/or Lease payments

The motion received a second, and was passed unanimously.

10. Report from QMOC Committee – Andy Byrne, Chair

Mr. Byrne reported the QMOC met on October 16th. The meeting was well attended. The group heard several reports, including:

- MHD audit
- Inpatient capacity data
- Concurrent Reviews
- HIPAA update

11. Report from the Executive Director – Chuck Benjamin, Executive Director

In lieu of his regular report, Mr. Benjamin offered a brief visual presentation outlining the 2003 Proposed Operating Budget.

12. Report from the Finance Officer – Bill Whitlock

Mr. Whitlock offered his report, summarizing variances in revenues and expenditures.

13. Report from the Finance Committee – Mike Shelton

Mr. Shelton reported that the Committee reviewed bills and expenditures, and recommends approval of the entire Consent Agenda.

14. Consent Agenda – Chair

It was moved and seconded to approve Motions 02-052, 02-048, 02-049. The motions were unanimously approved.
